R.e.a.d Interaction Design: Beyond Human-Computer Interaction by by Jenny Preece  
*A new edition of the #1 text in the Human Computer Interaction field!*

Hugely popular with students and professionals alike, ***Interaction Design*** is an ideal resource for learning the interdisciplinary skills needed for interaction design, human–computer interaction, information design, web design and ubiquitous computing.

This text offers a cross-disciplinary, practical and process-oriented introduction to the field, showing not just what principles ought to apply to interaction design, but crucially how they can be applied.

An accompanying website contains extensive additional teaching and learning material including slides for each chapter, comments on chapter activities and a number of in-depth case studies written by researchers and designers.
